

16th International Congress of Oriental Medicine

Please concern to submit your abstract for the 16th ICOM

Greetings from Scientific committee of International Congress of Oriental Medicine.

It is our great honor and pleasure to inform you about our congress, The International Congress of Oriental Medicine (ICOM) which is the oldest international congress in world regarding traditional medicine. The goal of the ICOM is to share the research achievements and result consolidating historical and scientific evidence of traditional medicine and to develop it globally.

Therefore, we hope to receive your recent work, papers and abstracts, to our congress as you submitted last congress and see you as well. We were pleased for your abstracts that you let us have last time. With this pleasure, We decided to invite it again this time. If you let us have your submission to our congress, we might get opportunity to present your deserving works, proudly, up and coming congress again. Lastly, we would like to mention again this congress is the one of the biggest place to share the research achievements and results. We hope to see you soon.

Thank you for your interests

If you have any inquiry, please let us know.

We look forward to hearing from you soon.

Best regards,
